Skating Carnival Tomorrow Night

NEW WINTER RECREATIONAL FACILITIES - TO BE, OR NOT TO BE - IS THE QUESTION?

The skating carnival postponed last week end awakened everyone's interest in the facilities we have here at the arena for winter activities. This paper has been approached by many people to find out the feeling of the public on this subject.

There has been much criticism of the fact, that this community lacks artificial ice along with a

proper recreational hall. We have taken a short survey of the feelings of the people from off the street, along with some remarks quoted us by council members.

The questions we asked were: No. 1 — Should we install artificial ice now. No. 2 — If so, should it be installed in the present

(Continued on page 11)

CANCELLED LAST WEEK - NO ICE

The Minden Figure Skating Club will make another attempt to stage their skating carnival tomorrow night, (Friday March 11) here at the arena.

The carnival was originally planned for last Friday night, but due to mild weather, and only natural ice facilities, the evening planned went up in the air.

Everyone from President of the club, down to the smallest figure skater, was greatly disappointed last week end, it has been a try-

ing time for all concerned in the skating club. It is by no means an easy job preparing for such a carnival, with close to a hundred small fry taking part in the many different acts.

The practise conditions have been next to unbearable, since the mild weather moved in on this area over two weeks ago, practises have been held in the auditorium hall. For those of you who have not seen a practise being held with out skates, have missed something. Imagine yourself trying to direct such a large undertaking, with a hundred children and parents all in one small hall. When the music starts and the announcer makes his cue, the skaters come on in stocking feet and tip toe around like it was ballet instead of figure skating. The skating club along with club professional, should be commended for continuing such a difficult task, against great odds.

However if the weather gets cold and ice conditions improve

the skating club will present "Frolic On Ice" tomorrow night. It would be most gratifying for the skating club, after what they have gone through to see a full house on hand, when the curtain goes up.

MINDEN BUSINESS MEN WILL MEET TONIGHT

At 8 p.m. tonight (Thursday) the business men from Minden will meet at the municipal building. This meeting is the first step towards forming a businessmen's association.

It has been felt by many businessmen that an association such as this is needed badly in the community. It is hoped that a good turn out will be on hand, so that any problem which might face the business man in this town can be ironed out by this association, at such a time when it is organized.

The purpose of this organization will be to draw the business men together, to work in unity, for the betterment of the community and business.

IF ONLY WE HAD COLD WEATHER!!

Too much water, ice too soft — pretty well covers the story last week on the skating carnival. Pictured above is president of the skating club, Libby Griffith, pointing to water on ice, and vice-president, Pat Campbell, as they make decision to call off carnival last Friday night. Two very disappointed skaters look on with skates over shoulder. Left, Mary Flora Macnab, and Jody Campbell. However, tomorrow night if ice conditions are good, the skating carnival will be held.

News and Views

by DAVID W. STAPLES

This past weekend Zion United Church, Carnarvon had as their special guest Miss Norms Cuthbertson with the Leprosy Mission of India. Following the service of worship Miss Cuthbertson spoke to an open session of the Sunday School. With a movie film she told the heart-warming story of a little boy of India being afflicted with the dread disease, his care and cure in a Leprosy Mission and his joyfull reunion with his family. Miss Cuthbertson remained at Carnarvon until Monday evening to tell of the work of the Mission to the General Meeting of the Carnarvon U. C. Women to which all ladies of the Church were invited.

Last week, the Afternoon Group of the Carnarvon U.C.W. held a tour of Hyland Crest Senior Citizen's Home. Some twenty ladies from Zion Church were conducted through the nearly completed home by the superintendent, Mr. Banke.

This reminds me that Mrs. Lorne Coburn the chairman of the Hyland Crest Auxillary mentioned that there will be a meeting of the Auxillary here in Minden at St. Paul's Anglican Parish Hall next Monday afternoon, March 21st at 2.30 p.m. Both ladies and men are invited to this meeting to learn of the role of the Auxillary in serving the new Hyland Crest Home. Plan to attend and find out how you may be able to help.

At New Years the Fellowship Group of the Carnarvon U.C.W. held a party in the Christian Education Centre. It was so well enjoyed by all that the Group have decided to have a St. Patrick's Party on Friday evening, March 18th beginning about 9 p.m. They are asking that all who wish to attend contact Mrs. Sinclair Russell at Carnarvon, Mrs. Elgin Stouffer at Minden or Mrs. Verle Fader at Maple Lake at least a few days ahead to help with their planning.

A reception Service for those joining the Church will be held on Palm Sunday, April 3rd. The Sacrament of Holy Communion will be celebrated at the service. Any adults wishing to join either by profession of faith or letter of Transfer are requested to indicate such a desire to me shortly.

In themorning mail I found this story from a member of our summer congregation who lives in Sudbury. A minister was about to begin his morning service when a strange young couple came to his study and asked if he could marry them. He said he could but was about to start the service and that if they would wait until after the service he would be glad to marry them. He invited them to attend the service and so they slipped into a back seat. When the service was over the minister said, "Would those who wish to be married please come to the front." Whereupon one man and seven ladies came forward.

A REPORT FROM THE PARISH OF - MINDEN, GELERT, BOSKUNG

For the next four weeks the Progress will carry a series of articles from the newsletter, published for the parish of Minden, Gelert and boskung. By Rev. Charles A. Dymond.

The Churchwardens for these churches are: St. Paul's, Mr. Earl Hewitt and Mr. Jack Jackson, St. John's, Mr. Syd. Jennings and Mr. Bob Vick. St. Stephen's, Mr. Len Stinson and Mr. Bob Davies.

This LENTEN SEASON comes to us this year at a time when the doubt and insecurity of living in this world of ours has crept into our Church. We remember the Forty Days of Lent as a period in the life of our Lord when He was tempted to make the physical needs — "turning stones into bread" — the spectacular of miracles — "cast yourself down" — and the glory of worldly things — "all these things will I give you" — to prove His power and His glory. Our Lord rejected all temptations by pointing us to God and to God's Word found in Scriptures. There is really only one defence against the unbelief and turmoil of our daily world. It is the power and glory of the ONE who has overcome the world in every age, even JESUS CHRIST our Lord and Saviour. In all things it is to HIM that we turn for the kind of renewed life that the Lenten Season challenges us with. What are you doing for the Lord and His Church during this time of self-examination and penitence?

You may rightly ask: "Well, what can I do?" There are some real challenging suggestions given to us on Page 555 in the Prayer Book that can be used as a guide to help us find an answer, and perhaps a better way of life. Here they are. A RULE OF LIFE — All baptised and confirmed members of the Church can fulfill their part in the life and witness of the Church. Our pledge to carry out this duty is our promise to try and live up to the following Christian responsibilities, with God's help: To follow daily the example of Christ at home, in our community, and to bear personal witness to Him: To be regular in private prayer day by day: To read the Bible carefully: To come to Church every Sunday: To receive the Holy Communion faithfully and regularly: To give personal service to Church, neighbours, and community: To give money for the work of the parish, diocese, and for the work of the Church at home and abroad: To uphold the standard of marriage entrusted by Christ to His Church: To care that children are brought up to love and serve the Lord. It is true to say that many of us have not been able to carry out all these responsibilities — though we may have been successful in a few, and as we are able to succeed in

one area we can expand into another area. One thing is sure. We cannot measure up to the likeness of Christ unless we set aside our personal differences and dislikes and look to Him who is the source of all goodness, and the One from whom we receive our righteousness. May God help us all become better persons and better Christians by a renewed interest in our Lord and His saving life.

We are all interested in knowing what is going on in our Parish. We hope that you will find

the following facts impressive enough to encourage a reawakened and hopeful participation in what the future holds.

Our budgets have increased over the past three years: —In 1964, receipts were \$6450.00, expenditures \$8064.00, subsidy, \$1,614.00. In 1965 — receipts were \$6875.00, expenditures, \$7750.00, subsidy \$875.00. In 1966, receipts are \$7470.00, expenditures, \$8570., subsidy, \$1100.00.

Our Mission for the Diocese is \$1017.00 for 1966. Our goal for World Mission is \$203.00 for this year, which goes to support such specific projects as a Youth Centre in the Diocese of Guiana in the West Indies.

Continued next week.

TENDERS WANTED

Tenders will be received up to 5 p.m., March 18th., for crushing 10,000 cubic yards of three quarter inch crush. To be crushed at two separate pits. For any additional information contact the road supt., Mr. J. Earl Hewitt.

Lowest or any tender not necessarily accepted.

U.C.W. General Meeting Held Last Thursday Evening

The general meeting of the U.C.W. was held last Thursday evening in the church hall. There were about 40 ladies present to hear the guest speaker, Mr. Ralph Banke.

Unit A conducted the devotional period under the leadership of their president, Mr. Beatrice Taylor. Mrs. Fleming gave a fine reading "Repentance" which was followed with the scripture reading by Mrs. Laura Kirkwood. The offering was then received followed with a prayer by Mrs. Ina Brintnall.

Mrs. Taylor introduced the guest speaker Mr. Ralph Banke the

superintendent of the new Senior Citizens Home. Mr. Banke displayed pictures of the home, drawn to scale, showing the exterior and interior. He explained many aspects of the home and its future occupants. There were many questions asked concerning the home which enlightened the ladies on this subject to a great extent. Mrs. Taylor thanked Mr. Banke for his most informative talk.

The business part of the meeting was then presided over by the President, Mrs. Betty Herlihey. The secretary Mrs. Marjorie Robertson gave the minutes of the last meeting followed by Mrs. Carrie Vasey with the treasurers report.

The different Units reported their activities along with the committee convenors. Unit B and C are busy making layettes for the Overseas Bale as reported by their respective leaders, Mrs. Irene Moore and Mrs. Maxine Snell.

Unit C is having a rummage sale on April 23rd.

A very delicious lunch was served by the ladies of Unit C.

ROTARY GOVERNOR CANDIDATE FOR DISTRICT

Mr. Stan Pitts

Stanford Roland Pitts of Lindsay, was a candidate for governor of Rotary in this zone. He has also had the honour and distinction of being named Lindsay's first Citizen of the year at the fifteenth annual Lindsay Chamber of Commerce dinner last Wednesday night.

STYLISH, SIXTIES, SEVENTIES AND ELEGANT EIGHTIES

Red Cross volunteers of the Senior Citizens Committee, in many areas of Ontario have a contact with large numbers of people through their services in clubs, homes for the aged, and in the homes of the senior citizens.

These contacts have made the group aware of the difficulties that some older women experience when they wish to purchase suitable clothing. In order to establish their needs and to present them to the clothing industry a survey has been organized and is in progress throughout the province.

Red Cross Volunteers working with Senior Citizen Clubs, Homes for the Aged and home visiting are asked to have women 65 and over express their views.

It is hoped that the facts revealed by this survey will help to spark the interest of the clothing industry in providing garments for the stylish sixties, seventies and elegant eighties.

We are all familiar with the time worn story of the lady with the cupboard full of clothes who is unable to attend a function because she "hasn't a suitable

thing to wear". As she grows older it could be that she really "doesn't have a thing to wear", as there is little available except half-size styles that never seem to change from one decade to the next, or are sleeveless shift dresses too short to grace their increased years. What they are seeking are garments of basic lines and styles, preferably with elbow to three-quarter length sleeves even in summer or house dresses. Most of all they would appreciate suitable styles and sizes in attractive fabrics in the less expensive half-sizes.

WITH YOUR HELP

RENOVATIONS PLANNED FOR ST. PAUL'S CHURCH

Plans for renovations at St. Paul's Church, here in Minden, were discussed at an enthusiastic advisory board meeting last Monday night. This work will be undertaken immediately, prior to celebrations throughout the year of St. Paul's Church Centennial.

In connection with Centennial celebrations, former rectors of the church are being invited to preach on various Sundays throughout the spring and summer.

APATHETIC PARENTS

In recent weeks, what is known as juvenile delinquents have been pointed out to me. Now whether or not these young people are delinquents or not is another matter, however they are looked down upon, and are critized. Now I am no Ann Landers, but I have a few views of my own.

Today we have many broken homes, not necessarily by the absence of one of the parents, but by a breakdown of the functions of the family. It is generally accepted that a complete group, consisting of father, mother and children, living in close harmony, is essential to the development of a balanced and socially adjusted personality. To cause trouble, only a few threads have to be broken. Tensions that snap these threads may include conflict over the pattern of child education, maybe disagreement over duties, restrictions and behaviour, and, most important, failure of the parents to keep up with the changing time.

We are fond of pointing the finger at the delinquent child, but what of the delinquent parent? Time and time again, we hear cries deploring the state of today's young people. Warning fingers point to a rising juvenile crime rate, to the problems of drop-outs in school, to the decline in morals of young people, and so on.

Today's young people are not a lost cause at all. A great majority of them are earnest, honest youngsters with a knowledge of right and wrong, and a sense of responsibility. We must not forget they are a product of our guidance and control.

If today's youngsters are confused, it is because the adult world is confused. We have created a volatile world, one that seeks through medical and scientific research ways to prolong life and, at the same time, to develop weapons that can wipe out half of the world's population in one blow! More new things have been discovered in the past few years than in the previous one hundred years. Yet in spite of it, the world has never been a more exciting place in which to live. It is up to the adults to convey this to the succeeding generation. This is the responsibility of parents, teachers and religious leaders.

Parents have to take more interest. A minor hockey tournament was staged here a couple of weeks ago, over one hundred kids participated, we visited the arena a couple of times during those games and could only count a handful of parents. This community has a public school filled with children, and no home and school association. Home and school associations are a must, to educate more parents about education. A child who is interested in his studies is an easier child to teach. Parents can help this interest if they understand the present educational system.

In this rapidly changing world, it is the parents' decision — "to be or not to be" — just an apathetic parent or a responsible parent.

JAMES PILKINGTON VISITS KINSMEN HERE SEEKING ZONE DEPUTY GOVERNORSHIP

James Pilkington, a past president of the Kinsmen club of Lindsay, is making his second attempt to secure the office of Deputy Governor of Zone C in Peterborough at the Kinsmen Annual Spring Conference.

Since Minden is in Zone C, Mr. Pilkington was here last night, to stir the interest in the local club, in his direction, come election time. Many other Lindsay Kinsmen accompanied Mr. Pilkington here, and all enjoyed a good time.

Past president James Pilkington joined the Lindsay Kinsmen Club in 1951 and has been an enthusiastic and active Kinsmen over the

years, filling the offices of Director, Registrar and President, and chairing many club projects.

The members of the Lindsay club voted unanimously recently to back James Pilkington for the zone post. The Association of Kinsmen clubs is divided into eight districts and the districts are divided into zones.

The Association of Kinsmen clubs is an all-Canadian national organization which was founded in Hamilton in 1920, by Hal Rogers. It seeks to attract young men of good character to attain fellowship through service. The Association slogan is "Serving the Community's Greatest Need."

Letter to the Editor

March 1, 1966 the Ontario Heart Foundation is doing in the field of research.

Dear Sir:

A short, but nevertheless, sincere note to thank you for your co-operation and assistance to the Ontario Heart Foundation during our 1966 Heart Fund Campaign. The coverage we received from your paper surpassed all expectations, and it is due to this fact that our Heart Fund was successful.

You enabled us to inform the public that February was Heart Month in Canada and also what

We have always enjoyed the association with all press representatives and it is a pleasure to look forward to this throughout the year.

Once again, a sincere "heart" felt thanks for your assistance and co-operation during February.

With best wishes.

Yours very truly,

Esther M. Richards

Director of Public Relations,

Ontario Heart Foundation,

21 YRS OLD?

When you turn 21 you're no longer covered by your parents' Hospital Insurance. To keep insured, you must take out individual membership within 30 days. Get your application form at a bank, a hospital, or from the Commission.

NEWLY WED?

The 'family' Hospital Insurance premium must now be paid to cover husband and wife. Notify your 'group' without delay OR, if you both pay premiums direct, notify the Commission.

NEW JOB?

To keep insured follow the instructions on the Hospital Insurance Certificate of Payment 'Form 104' that your present employer is required to give you on leaving.

ROTARIANS HAD CHANGE OF PACE AT MEETING MONDAY NIGHT

Walt Wideman, program chairman for the month of March, was a little disappointed when his guest for the evening failed to show up. However between Walt and president John Fergus they arranged a little change in pace for the program. Instead of a speaker, four members of the club were put on the spot, to voice their opinion on the pros and cons of Capital punishment.

Mr. Bob Herlihey took the view of a magistrate, Dr. Fred Griffiths played the part of a Real Estate agent, Don Finn gave the club an account of a lawyers point of view and Lorne Coburn played well the part of a minister. Each one read a few lines from an old script, and through in a few of their own comments, as well.

One visitor was on hand for the meeting, Mr. Garnet Graham from the Fenelon Falls club.

Nominations for the coming election of officers were made, with the election to take place next Monday night.

ART DISPLAY AT HALIBURTON HIGH SCHOOL

The Haliburton Highlands Secondary school has in its library on display a number of paintings by contemporary Canadian artists, this display will be open to the general public on Tuesday, March 15th at 8 p.m.

The collection of paintings is from the design centre exhibit.

MINDEN RINK PLACES THIRD IN HALIBURTON

One rink from Minden travelled to Haliburton Saturday, March 5, to participate in the Haliburton Mixed Curling Bonspiel.

Twelve rinks took part in this one day speil and the Minden rink of Jean and J. O. Jackson, Lorna and Rae Stinson, placed third. First prize was won by an skipped by Mr. Merve Robertson of Haliburton and second place was won by an Ajax rink, skipped by Mr. Cyril King.

STANHOPE COUNCIL HOLD FULL SESSION

Last Friday March 4, the Stanhope council met in the council chambers and had a full agenda to handle.

It was moved by Alex Hewitt, seconded by Elvin Johnson, be it resolved that the minutes of the previous meeting be adopted as read.

Moved by Clayton P. Rogers, seconded by S. G. Nesbitt, be it resolved that the council go into committee of the whole, to discuss in full the matter of increase in salary and wages of all municipal servants and arrange a definite settlement on this matter.

Alex Hewitt moved that the meeting be adjourned until one o'clock.

Moved by Elvin Johnson, seconded by S. G. Nesbitt, that the council contract with the Dysart Fire Department for standby duty with Stanhope for fire protection, all grass fires will be charged back to property owners.

It was moved by Alex Hewitt, that council accept the tender of David W. Johnson for the old snowplough.

Clayton Rogers moved a motion that the accounts amounting to \$73.77 Relief for February \$184.45 and road voucher No. 2, \$1,158.69 and Winter works program \$590.00 be allowed for payment.

The following by-laws were read three times and passed:— By-Law No 66-4 for the purpose of appointing David W. Johnson as assessor.

By-Law No. 66-5 for the purpose of increasing the salary of, the Clerk Treas.

By-Law No. 66-6 for the purpose of increasing the salary of the Road Superintendent.

By-Law No. 66-7 for the purpose of allowing the Sanitary Inspector a car allowance.

It was moved by Alex Hewitt that the meeting adjourn until the 6th, day of April at 10, O'clock A.M. unless called sooner by the reeve.

SPORTS WITH BOB BEENEY

In Bobcaygeon and Haliburton

Figure Skaters Practice

The way you Otter.

But In Minden

They Practice in

A couple of Inches of Water.

(To be sung to the melody of Mozart's Symphony No. 32)

The above poem was submitted by Hermoine Haystack, one of Mindens leading authorities on figure skating and an individual who has been supporting the move for artificial ice for Minden.

Miss Haystack rarely misses watching some of the figure skating classes on Wednesday afternoon, however she told me yesterday that she did miss the last two because of the liberal amounts of water both outside and in the arena.

The long awaited carnival sponsored by the Minden Figure Skating Club was cancelled on Friday night and will now be held on Friday March 11. Lets hope that the weather remains cold for a few days anyway so we can have a successful carnival.

The squirts, peewees and bantams went to Haliburton on Monday night for practices even though the ice in Minden was in

excellent condition.

The ice had been booked in Haliburton on Sunday for Monday because the Minor Hockey Association felt that they couldn't trust the weather and rely on he ice condition in Minden. However the association plans to hold practices here the rest of the week if ice conditions are right.

On Friday night the All Star Squirts head to Haliburton to play a game with the Haliburton Squirtss. The game is scheduled for 7:00 p.m.

Much comment was batted back and forth around the main street this past week on the artificial ice situation. Most people talked to favoured artificial ice and that majority was about 80 per cent in favour of building a complete new arena but must be built in a different place than it now is situated.

I must still record that I am in favour of artificial ice. As a sportsman I must admit that I would like to see a complete new arena, however as a taxpayer of the community I favour retaining the present arena with the additions of artificial ice to it.

As a suggestion I would like to submit that a meeting should be held with people in favour of artificial ice attending. From this meeting a committee should be formed whose purpose would be to investigate the feasibility of installing artificial ice in the arena and the cost. They should also investigate the cost of a new arena either to be built on the present site or else on a new site. This committee should be made up of private citizens who are not connected with council or the arena board. The report should be submitted to council and the arena board for discussion, and perhaps approval. After approval of a plan by the council and arena board on the facility of artificial ice or a new arena then this committee should head a campaign to raise public funds to assist the carnival in financing the project.

The artificial ice situation must be faced head on at this time and met squarely. The council, the arena board, recreation committee and the public must work together to solve this problem, to the benefit of the community.

GOOD CATCHES OF TROUT REPORTED

On the week end Rich Harrison and Len Lonsberry, a couple of ardent fishermen caught a nice catch of trout. They reported three speckles each going 3 pounds, and three rainbow each weighing in around the 3 pound mark.

Len Lonsberry said it was interesting to not that when he cleaned one of the speckles he found a 4 inch sunfish in its stomach. The rest of the fish had been feeding on Craw fish.

When they were asked where they were caught, like true blue fisherman, there was a short silence, and then they replied, it was north of here???

Walt Wideman also reported a big catch of speckles on the week end, his catch numbered 9 in all, these also were of good size.

A milage equivalent to a trip seven times around the world is flown by Ontario Hydro's fleet of 10 helicopters each year. They save the commission more than \$1 million annually.

MANY FROM HALIBURTON WILL ATTEND FOOD SERVICE SHOW

Many of our own lodge and Restaurant owners will travel to Toronto, to join the mecca for cooks and chefs from across the nation from March 21 to 24. The occasion will be Canada's largest food service show, sponsored by the Canadian Restaurant Association.

More than 20,000 delegates are expected and almost every province will be represented. Approximately 275 Canadian, American and overseas firms will show a variety of products and services related to the food service and hospitality industry.

The four-day program will consist of addresses by authorities on food catering, workshops, panel discussions, forums, displays and demonstrations. Much of the program material is designed to show convention delegates how to cope with the influx of visitors expected into Canada during Centennial Year.

OMSIP DOES NOT SUBSTITUTE FOR HOSPITAL INSURANCE

Some Ontario residents mistakenly believe they will no longer require Hospital Insurance coverage when they enrol in the new Ontario Services Insurance Plan, Health Minister Dr. Matthew B. Dymond said today.

"OMSIP is not a substitute for Hospital Insurance," said the Minister. "It is an additional service that we believe to be the next logical step in meeting the health needs of the people of Ontario."

Dr. Dymond disclosed that the Ontario Hospital Services Commission had received some inquiries from residents who believed they were entitled to hospitalization benefits under OMSIP. They inquired about cancelling their Hospital Insurance coverage.

"The two plans should not be confused with one another," the Minister said.

The Ontario Hospital Service Commission makes available to all residents of the Province insurance covering the costs of standard hospital ward care. But it does not cover the cost of your physicians' service provided in hospitals.

The Ontario Medical Services Insurance Plan which, for most persons, will come into force on Jul 1, makes available to Ontario residents insurance covering the cost of practically all doctors' services wherever they are provided. But it does not cover the cost of hospitalization.

PATSY GILL, ARTIST AT 3RD VARIETY SHOW

Lindsay's gold medalist, Patricia Gill, will be heard in rendition of Un Bel Di from the opera "Madame Butterfly" at the third Gloria Barrett Variety Show being staged on March 26 at the Academy Theatre, Lindsay.

Sean Eyre, CHEX radio and TV personality, will emcee the show; Barney Stanley will have charge of lighting; Gordon Cook will be stage manager and Mrs. Lloyd Found will supervise artistic arrangements.

LCVI students, Susan Graham, Steve Blasco and Jim Kennedy will work back stage in study of staging and lighting.

Performers are booked from Lindsay, Toronto, Peterborough and Oshawa and areas. The Bill Perry Studio, the Muir Academy of Dancing and the Rawson music Centre will contribute pupil artists to the show.

Sponsored by the Women's Guild of the Academy Theatre Foundation, the Gloria Barrett shows have become a valuable community endeavour with all participants contributing their talent gratis.

Featured on the organ will be Don Lozon of St. Mary's church. Mr. Lozon will be the accompanist for all the artists and will play a medley of familiar Strauss Waltzes, (Blue Danube, Tales of the Vienna Woods, The Merry Widow and The Skaters' Waltz), on a Conn organ, loaned to the Women's Guild by Dave Walling.

Contralto, Mrs. Carl Hickson will also be a feature artist.

There is something for everyone on the, Comedy, Western, Opera, Instrumentals, bands and many dancing feet.

Proceeds are to finish furnishing the upstairs reception room at the Academy Theatre.

Tickets are available for one dollar. Get your ticket early, over 400 persons were turned away at the last show.

Pictured above are kinsmen and their wives, who were guests at the head table at Bonnie View Lodge, for the celebration of the kinsmen clubs 46 Anniversary. The Kinsmen were quite pleased to have as their guests, Governor Jack Delaney and his wife Dotty pictured at left, and Deputy Governor Jerry Covey and his wife Dean pictured at right. In the centre is president Les Northey and his wife, Audrey.

SENIOR CITIZENS HOME NEWS

DISUSE, USE, AND ABUSE

by Ralph A. Banke

One of the biggest problems encountered in the Bed Care area of a modern Home for the Aged is in the reactivation of a person who has suffered a stroke. Very often one whole side of their body, or even the whole body, has been paralysed by the stroke and they have unfortunately been left to lie helpless in bed for months or even years by well meaning relatives. Some of these residents are, because of age and general physical deterioration, beyond reactivation. Others may to a limited extent be able to learn to read and print and possibly feed themselves. Others again, having a stubborn will and determination may learn to be relatively independent and be able to walk again, with or without aid.

In all of these cases our adjutant will play a very important role. She is trained to know the difference between **Disuse**, **Use** and **Abuse** of both physical and mental abilities. We should define these terms and will again quote Dr. C. K. Stuart: — "**Disuse**

is allowing an ability (be it physical or mental) to rot away through lack of use — **Use** is the gradual growth and development of an ability and **Abuse** is the destruction of an ability by forcing it beyond its limits." An extreme example would of course be an action which to one person might be disuse (using little or no physical or mental energy) to another might be **abuse** because they must force themselves beyond their developed ability. The Adjuvant can recognize the difference and will patiently work from there to achieve the correct **Use** of each Resident's abilities.

As most of our Bed Care Residents will be relatively confined to the Home our Auxiliary will bring many conveniences such as a mobile tuck shop, shopping help and library services to the Residents. The local Ministers will bring Sunday Church Services and Communion Services to the Residents in our own Chapel regularly. Both our Chapel and Auditorium are designed to accommodate wheelchairs so no-one need miss devotional services or en-

tertainment if they are at all mobile. For those confined to bed completely our public address system will bring these services to their own rooms, if they wish. The basic purpose of HYLAND CREST is **Care** for the Residents to whatever extent it is required (other than hospital type care) either mentally or physically or both.

We promised a progress report on the building. All trades, electrical, plumbing, plastering and painting are going ahead fairly quickly now. Though we won't have our Chapel and Auditorium completed at this time, we still hope to take possession of the rest of the building in mid April and, after a short staff training and familiarization period of approximately two weeks, be able to admit our first Residents during the first week of May.

As this time is drawing closer, we will be happy to discuss any problems concerning applications if we are contacted either by mail or in person at the County Building.

SPORTS ENTHUSIASTS FROM THIS COUNTY WILL TAKE IN SPORTSMEN'S SHOW

Many Sports minded people from Haliburton will join more than 500 athletes and sports enthusiasts from 34 different organizations will participate at the "sports demonstration area", a sort of miniature Olympics, which will be a feature of the 1966 Canadian National Sportsmen's Show in the Coliseum, Toronto, for eight days, commencing March 11.

Arranged by the Toronto Anglers' and Hunters' Association, this will be the greatest and most varied display of sports demonstrations and competitions in the 19 year history of the big spring-time exhibition.

One of the better known sportsmen who will be "on deck" is Petty Officer Paul Laviolette of the Royal Canadian Navy. Coach of the Canadian archery team, he will give demonstrations in archery training methods, as well as trick shooting.

New this year will be "Chief Umtik", from British Columbia, who, with his group of Indian dancers will perform the Bonnet Dance of the Eastern plains as well as the Hoop Dance of the Navajos and others.

The program of activities at this "sports demonstration area" also include sky diving, skin diving, roller skating, tumbling, table tennis, floor hockey, rifle shooting and physical fitness gymnastics.

In other sections of the Sportsmen's Show, there will be casting competitions, indoor retriever field trials and scuba diving.

WORLD HOCKEY COVERAGE ON CFRB

From last Wednesday, March 2, through to this Sunday, March 12th, CFRB, radio station has been and will continue to provide on the spot coverage of World Hockey Championships from Ljubljana, Yugoslavia. Don Chevrier, Sports director of CFRB's sister station in Montreal, CJAD, provides reports for all major CFRB sportscasts.

A montage photograph of the proposed Eaton Centre superimposed on the 22.5 superblock site in downtown Toronto, bounded on the south by Queen Street, on thenorth by Dundas west, on the east by Young street and on the west by Bay. The montage shows how the Eaton skyscrapers and open plazas and courts integrate with the City Hall and Civic Square. Left foreground is the new Metropolitan Toronto court building and just south of it Osgoode Hall.

HI NEWS

with

Dianne Earle

We're getting pretty busy up at H.H.S.S. now, beginning to prepare for the forth-coming Easter examinations of April first. Those term tests and projects give us lots to think about too. But it doesn't seem so very long ago that we received our Christmas reports. Oh well, just two more sets of exams, and we're through for another year.

There hasn't been too much activity in the sports field during

the past week, other than the basketball game between a few of the male teachers and some members of the boys' basketball teams, resulting in a victory of the students of 35-29. The boys further applied their skill, attending Lakesfield Highschool last Friday night, the Juniors losing, and the Seniors winning by a close score of 74-70.

It seems that the school corridors held the odour of a hospital last week, as the students received the much-dreaded T.B. needles — but then, if a needle is the worst danger we have to

face this year, we're not really too badly mistreated, after all.

The student body is wondering at the sudden rise in the price of butter. The economics of our country seldom affect us in such a manner as this, but then, maybe the whole change is due to over-consumption — or something. Meanwhile, we survive with a sole pat, and fight for our new cause!

Apparently we are acquiring a small art gallery, as indicated by those samples of modern art decorating the walls of the school library.

TO BE, OR NOT TO BE -

THAT IS THE QUESTION ?

(Continued from page 1)

Here is what the councilors had to say: —

MARK VASEY — "Artificial ice would certainly be an asset to the community, but I feel with a new rink in Haliburton, a second new rink at this time would find it most difficult to pay its way. But as far as I am concerned questions such as these would have to be answered by the taxpayers."

ROBERT GORRIE — "I feel that we are in need of a good Community Centre as soon as the Municipal tax payers feel they will be able to carry the financial responsibilities."

This centre would be a means for us all to join others in our favourite forms of recreation.

In answering the second question, I would not be in favour of installing a new ice plant in the present rink, or at that location. It has been my feelings that the area that the arena is in now is very difficult to build on."

REEVE CHARLES BRANDON — "While artificial ice would be a real asset to the young people of the area, I believe it would be unwise to make any major expenditures at the present location because of the condition of the building and the property."

When the time comes, that the municipality can afford a new arena, I would like to see one built on a large lot in a high and dry location. If, however it appears that the majority of the ratepayers are in favour of an expenditure of up to \$150,000, this question could be placed on the ballot at the next election. One thing that must be kept in mind, is that, there is still \$6,600, owing on the present building."

REG BOOTH — "In a community such as ours it is not only necessary to consider what we would like, but also what we can afford. It is not only necessary to consider what we can acquire but also what we can maintain."

I, along with others have long recognized the desirability of artificial ice, but before this is feasible we must have a suitable plan to maintain and pay for our program.

I therefore, would be in favour of artificial ice if a building and rink area were first made suitable and a plan laid down to properly plan not only the construction, but also the maintenance of the whole plan on a sound financial basis.

Whether we care to admit it or not, we are talking about a figure in excess of \$100,000.00 to place buildings, grounds and artificial ice in Minden. With present plans calling for expenditures in large amounts for High School and local school additions in the near future it should be evident to all who will think that a large expenditure for recreation is not possible at the present time."

ROY WINDOVER — "Artificial ice is definitely a great asset to any community, plans can be finalized without interruption such as we have just witnessed with the minden figure skating club."

A suitable location should be decided upon, detailed plans and costs be established and with this knowledge the people of this municipality should decide if and when they will house a new arena and artificial ice. This can be done by ballot at the next municipal election."

From the tax payers the Progress received the following remarks: —

LEN LONGSBERRY — "We definitely need artificial ice. However it should not be installed in the present rink, and not in that location."

LES WINCH — "We need artificial ice, and with certain improvements in the present rink, it could be installed right there."

HARRY COWAN — "We certainly do need artificial ice, but it should not go into the present location."

JOE DOLLO — "I believe in progress, and artificial ice is a must for proper winter activities, I am however definitely against it going in at the present location, we need a good sound building with recreational facilities."

LORNE COBURN — "I wanted artificial ice ten years ago, but I certainly wouldn't recommend installing it in the present arena."

RICH HARRISON — "Artificial ice is the only answer, but we need a new rink in a better location."

PERCY BRINTNELL — "I don't think we can afford it, but it would be nice to have. It should be installed in the present arena, we have spent far too much on that building now, just to tear it down."

MRS. IRENE MOORE — "Sure I am all for it, but I would like to see a new building in a different location."

Buster McKelvey — "I am all for artificial ice, we need it for the youngsters. I think it should be in a different location."

ANDY KERNAHAM — "It would be nice, but we can't afford it."

MRS. ETHEL LEIGH — "It would be nice to have, but I don't think we can afford it, or support it."

ANGUS COULTER — "This rink over here is not fit for an animal, we certainly need artificial ice, and a new rink, but of course the rest of the ratepayers would have to feel whether or not they could afford it."

This concluded our short interview, now maybe council will take it from here.

LAND WANTED

Large or small acreage, suitable for hunting or fishing. No buildings, bushland considered. State Lot, Concession, Township. Acreage and Price. A, June, 20 Carluke Crescent, Willowdale, Ontario.

MINDEN CURLERS WIN BIG

SPIEL IN FENELON FALLS

The men's annual Dow Bonspiel was held this year in Fenelon Falls. Twenty rinks participated for trophies and prizes, and when the day was over, it was a Minden rink taking top honours.

This spiel is sponsored each year by Dow Brewries, and a different town plays host to this event each year.

The Minden rink was sponsored by Eric Statcher and was skipped by Ernie Galt, other members of the team were, Roy Colliss, Elwood Cox and Jack Baker.

With twenty rinks taking part, and competition coming from all parts of the country, our Minden rink should certainly be congratulated for such a fine effort.

RETIRING DIRECTOR

RECEIVES GIFT

William E. Dugan of Minden, director and past president of the Farmers' Union Mutual Fire Insurance Company, was honoured by his fellow directors Saturday, on his retirement after serving the company as director and adjuster of losses for 14 years.

The presentation was made during the 70th. Annual meeting of the Company held in the Council Chamber in Lindsay on Saturday February 26th. Mr. Dugan was presented with a platform rocker by past president James C. Butler as a tribute of esteem and affection on behalf of the Company, directors, agents and staff.

Mrs. Dugan was presented with a bouquet of roses by the wife of the Company president, Mrs. Clarence Page.

William J. Gowanlock of Uthoff was elected director to represent policyholders in the north half of Simco County. Other directors re-elected for a three year term were James C. Butler, of Lorneville, Douglas Jackson of Bradford, and W. Burritt Jopling of Lakefield. Other members of the Board of Directors include John Batty of Brooklin, Grant Benson, of Cobocok, Earl Dowswell of Goodwood, Alan Eason of Keene, Max Kennedy of Dunsforth, Clarence Page of Bethany, L. Ray Webster of Little Britain, and William D. Weir of Omeme. H. McFadden of Lindsay is sec-treasurer.
